★★★★☆ 3.2 (32) [Write a review](#)

**Model:** KMCS3022GSS

**Color:** Stainless Steel

MSRP: \$589.00

## Product Overview

# 24" COUNTERTOP MICROWAVE OVEN - 1200 WATT

Our roomiest countertop microwave expands your culinary horizons even beyond its spacious 2.2 cu. ft. capacity with nine sensor-driven and pre-programmed cooking cycles to eliminate guesswork, precise timed defrosting, plus convenient electronic controls and LED displays. The 16 9/16" turntable is recessed to maximize the oven's extra-large capacity. Available 30" or 27" Trim Kits provide a sleek built-in look when paired with a single wall oven.

## Features

---

### 9 Quick-Touch Cycles Including Six Sensor Cycles

Takes the guesswork out of getting exceptional results from your microwave. The microwave will automatically adjust cooking time based on a menu of preprogrammed, menu-driven cycles.

## Timed Defrost

Allows intuitive operation by automatically setting the microwave oven's power level at 30% for the amount of time you select.

## Electronic Controls with LED Display

Make the microwave easy to use and provide a display that shows the functions that are being programmed.

## Additional Features

### **16 9/16" RECESSED TURNTABLE**

Helps food cook evenly by continually rotating throughout the cooking cycle. The turntable is sunken into the bottom of the microwave to maximize the capacity.

### **ACCEPTS 30- OR 27-INCH TRIM KIT**

Allows you to install your countertop microwave into an existing cutout for a more integrated appearance.
